

## Quality Dental – Pleasantville, CA

At Quality Dental of Pleasantville, CA we are honored to provide you and your family with comprehensive dentistry to serve all of your needs and keep your smile healthy for life.

### **What to Expect**

Your initial visit with our dentists Dr. Smith and Dr. Gonzalez will vary in length depending upon your personal medical history, the current condition of your oral health, and your goals for the future of your smile.

Once we have a clear perspective on your oral health, we can sit down and determine your treatment plan and customize your hygiene schedule. Our goal will be to restore and maintain your teeth and gums to the most healthy, comfortable and functional state.

In the event of an emergency, you can depend on our Pleasantville dental team to provide the relief you are searching for. If you have chipped or cracked a tooth, have had a tooth come loose, or are experiencing the intense pain of an ongoing toothache give our office a call today. We see all dental emergencies, including those experienced by new patients.

### **Speed Up Your Visit**

Save yourself valuable time by completing your paperwork such as your medical and dental history prior to showing up for your visit by downloading our new patient form. In order to facilitate the transfer of your records from previous healthcare providers, please print and sign the patient release form.

### **Affordable Service**

At Quality Dental, we take the time to help you understand the terms of your insurance in order to maximize your benefits. Bring your insurance card and any related paperwork to your appointment, so we can make a copy for your file. We will then take care of all of the insurance related paperwork, and can typically get the claim settled within a few days. Aside from insurance, we accept a wide range of payment methods for your convenience, including: cash, debit and most major credit cards.
